CREATE A JEWISH LEGACY PARTNERS EXCEED GOALS FOR FOURTH YEAR IN A ROW

Since November of 2013, the Foundation has partnered with the Harold Grinspoon Foundation to mentor Orange County’s Jewish synagogues and agencies through Create a Jewish Legacy. We provide training, marketing tools and incentive grants to inspire supporters to create meaningful legacy gifts to ensure endowment funds for our Jewish future. The initiative empowers our important Jewish institutions to help themselves by working both as individual teams and collaboratively as a community.

Through this initiative, the Foundation offers incentive grants to each partner meeting their goals. We are honored to announce that every partner met or exceeded their goal for the fourth year of the program! The Foundation provided a $5,000 incentive grant to each partner at our training session in January, totaling $262,000 in unrestricted incentive grants to our Create a Jewish Legacy Partners over the last four years.
JOIN US – BE A PART OF OUR SHARED FUTURE

Whether you’re 20 or 120, wealthy or of modest means, you can be a part of Create a Jewish Legacy! Through this initiative, our Partners all work together to provide each and every community member the opportunity to positively impact our future through a gift either during their lifetime or through their will, trust, retirement plan beneficiary designation or life insurance policy. In just over four years, our community members have made over 560 new commitments to create these legacy gifts to our local Jewish institutions.

Work with the Foundation to specify your favorite synagogue(s) and/or Jewish organization(s) to benefit from your future gift. Contact Executive Director Wendy Arenson at wendy@jctoc.org or call 949.435.3490.
